Song For A Winter's Night

Sarah Mclachlan

The lamp is burnin' low upon my table top
Snow is softly fallin'
The air is still in the silence of my room
I hear your voice softly callin'
If I could only have you near
To breathe a sigh or two
I would be happy just to hold the hands I love
On this winter's night with you
The smoke is rising in the shadows overhead
My glass is almost empty
I read again between the lines upon each page
The words of love you sent me
If I could know within my heart
That you were lonely too
I would be happy just to hold the hands I love
On this winter's night with you
Fire is dying now, my lamp is growing dim
Shades of night are liftin'
The mornin' light steals across my windowpane
Where webs of snow are driftin'
If I could only have you near
To breathe a sigh or two
I would be happy just to hold the hands I love
On this winter's night with you
And to be once again with you
To be once again with you
