

# Deeper Than My Love

Josh Turner

You can take a lesson  
From an old coal miner  
Go and get you a shovel  
And dig clear to China  
But there's nothin'  
No, there's nothin'  
Deeper than my love  
You can drop in the ocean  
In a deep-diving submarine  
You can sit on the bottom  
Down where there's nothin' to eat  
But there's nothin'  
No, there's nothin'  
Deeper than my love  
Girl, there ain't nothin' better  
Than you and me together  
It's now and forever  
Right down to the letter  
And I won't ever  
never ever get enough  
'Cause there's nothin'  
Deeper than my love  
Girl, you know I want you  
Down in my country soul  
You can look into my eyes  
As far as you wanna go  
  
'Cause there's nothin'  
No there's nothin'  
Deeper than my love  
You know there ain't nothin' better  
Than you and me together  
It's now and forever  
Right down to the letter  
And I won't ever  
never ever get enough  
'Cause there's nothin'  
Deeper than my love  
No there ain't nothin' better

Than you and me together  
It's now and forever  
Right down to the letter  
And I won't ever  
never ever get enough  
No there ain't nothin' bigger  
As far as I can figure  
And ain't nothin' longer  
And ain't nothin' stronger  
Baby, I'm yours  
Sure as there's a Lord Above  
And there's nothin'  
Deeper than my love  
Deeper than my love  
Deeper than my love
