# All I've Ever Needed

## Paul McDonald & Nikki Reed

My bed sheets feel empty, when you're not home
Your heart beat, helps me sleep, your breath soothes my soul.Baby your all, Baby your all
Baby your all I've ever needed.
Your all I've ever needed.I love you, more than I knew I could ever love somebody.
I got it all so deep, I can barely even breath.
If I need a shelter from the storm.Baby your all
Baby your all
Baby your all I've ever needed.
Baby your all
Baby your all
Baby your all I've ever needed.Every promise I made, has lead us up to this.
Please remember my love, when you've forgotten your way
And this ache in my heart, makes me want to stand tall.
I let them take me down, when this isn't my fault.
Tell me it's not my fault.
Tell me it's not my fault.
Baby your all
Baby your all
Baby your all I've ever needed.
Baby your all
Baby your all
Baby your all I've ever needed.
Your all I've ever needed.
I love you, more than I knew
I could ever love somebody.
Baby your all, Baby your all
Baby your all I've ever needed.
