

3 X 3 (feat. Shawn Brandon)

Blood On the Dance Floor

You evil witch
Sweet succubus
I won't give in
To your alchemy
I let you win
So it begins
And you'll feel
What you've done to me
I will possess
Strength in darkness
And you'll be damned eternally
By the power of 3x3
You will burn when you're done with me
By the power of 3x3
You will burn, you will...
You play with fire
You're gonna get burned
You'll pay the price
For the lesson you learned
You put me through hell
Now it's your turn
3x3
3x3
You stupid bitch
Not worth the shit
I won't give in
To your lies
There's no magic
You're just a trick
It always comes back...
Back three times
I am possessed
Devil at his best
See you in hell
When you die
By the power of 3x3
You will burn when you're done with me
By the power of 3x3
You will burn, you will...

You play with fire
You're gonna get burned
You'll pay the price
For the lesson you learned
You put me through hell
Now it's your turn

3x3

3x3

You play with fire
You're gonna get burned
You'll pay the price
For the lesson you learned
You put me through hell
Now it's your turn

3x3

3x3

Before the night is over
Before the day is through
What you've done to others
Will come for you
Before the night is over
Before the day is through
What you've done to others
Will come for you

By the power of 3x3

You will burn when you're done with me

By the power of 3x3

You will burn, you will...

You play with fire
You're gonna get burned
You'll pay the price
For the lesson you learned
You put me through hell
Now it's your turn

3x3

3x3

You play with fire
You're gonna get burned
You'll pay the price
For the lesson you learned
You put me through hell
Now it's your turn

3x3

3x3
