Bitches and Nike Shoes

Capdown

There are still some that say I should be stuck in my ways
Restricted in my style, livin' ground hog days
It's so easy for you to just keep on dismissing
Ready to judge but unable to listen
To real fuckin' people with their own set of views
Not just some noise about bitches and nike shoes
We got a lot to say and plenty to shout about
We gonna take you to eradicate any doubtNo more, this time
Freedom of speech and freedom of sound for all of time
