

# Time Is A Lion

Joe Henry

Here you go If you fear the angels above while you sleep  
Then I'll be the blood, you paint on your door  
Your dream is a worry that nothing will keep  
But time is a story and there will be more Your dream is a worry that nothing will keep  
But time is a story and there will be more And death in disgrace can seduce anyone  
That needs to believe there's judgment at hand  
Or God may be kind and see you like a son  
But time is a lion when you are a lamb Or God may be kind and see you like a son  
But time is a lion when you are a lamb The years see the best of intentions and greed  
They come without shame, they'll leave you with some  
Men become old when their hurt becomes need  
But time is a lover and your time is young Men become old when their hurt becomes need  
But time is a lover and your time is young The sun is a soldier, out crawling the hills  
Setting fire to every house that's in view  
Lighting the ruin of my hope and my will  
Till I'm like a shadow and I'm falling on you  
Crawling on you, oh, you know how I do So sleep here with me and I'll keep you close  
For now while I try to live up to you  
You can't see the challenge of this I suppose  
But time is a dare and I'm trying to You can't see the challenge of this I suppose  
But time is a dare and I'm trying to Time is a dare and I'm trying to  
Time is a dare and I'm trying to  
Time is a dare and I'm trying to
