## Time Is A Lion

## **Joe Henry**

Here you goIf you fear the angels above while you sleep
Then I'll be the blood, you paint on your door
Your dream is a worry that nothing will keep

But time is a story and there will be moreYour dream is a worry that nothing will keep But time is a story and there will be moreAnd death in disgrace can seduce anyone

That needs to believe theres judgment at hand

Or God may be kind and see you like a son

But time is a lion when you are a lambOr God may be kind and see you like a son But time is a lion when you are a lambThe years see the best of intentions and greed They come without shame, they'll leave you with some

Men become old when their hurt becomes need

But time is a lover and your time is youngMen become old when their hurt becomes need But time is a lover and your time is youngThe sun is a soldier, out crawling the hills

Setting fire to every house thats in view

Lighting the ruin of my hope and my will

Till Im like a shadow and Im falling on you

Crawling on you, oh, you know how I doSo sleep here with me and Ill keep you close For now while I try to live up to you

You cant see the challenge of this I suppose

But time is a dare and Im trying to You cant see the challenge of this I suppose But time is a dare and Im trying to Time is a dare and Im trying to

> Time is a dare and Im trying to Time is a dare and Im trying to
