

Piece of Mind

Jeanne Fories

Your tenderness
Like your kiss
It does me real harm
Broken pieces
I'm sensitive
You left me a big scar It seems to
To go on forever
Now I can't take it back
I should have said now or never Now that I can see
This was all wrong
I was a hopeless case
That caught me undone
I hope that you find
A place where the sun still shines
I hope that you find
A real piece of mind You talk cheap
With no belief
I can't sleep at night
I'm in the back seat
The roads is steep
Just doesn't seem so right It seems to
To go on forever
I should have said it now
But now I just can not take it back But now that I can see
This was all wrong
I was a hopeless case
That caught me undone
I hope that you find
A place where the sun still shines
I hope that you find
A real piece of mind Now that I can see
This was all wrong
I was a hopeless case
That caught me undone
I hope that you find
A place where the sun still shines
I hope that you find
A real piece of mind.
