She Loves Everybody

Chester French

Somebody call my baby
Somebody call her up real quick
I think I need my fixAlways around to please me
Always around to take control
I never feel alone
Yeah(Chorus)
But you feel so clean
Well she craves affection
So I use protection
And I know she loves me
She loves everybodyBaby oh no
(Oh yeah)
Darling oh no
(Oh yeah)
Baby oh!(Verse 2)
You're just a little girl now
You're just a girl who misses her dad
And all the toys that she hadThought I could make you older
Thought I could keep you out of harm
But now you're caught in my arms(Chorus)
But you feel so clean
Well she craves affection
So I use protection
And I know she loves me
She loves everybodyBaby oh no
(Oh yeah)
Darling oh no
(Oh yeah)
Baby oh!(Verse 3)
Now that we've made it this far
Now that we've made a mess in the car
You ought to give it a rest(Chorus)
But you feel so clean
Well she craves affection
So I use protection
And I know she loves me
She loves everybodyBut you feel so clean
Well she craves affection
So I use protection

And I know she loves me
She loves everybody
