Ain't Enough For Me

Anthony David

I want your kisses in the morning
To let me know that everything will be alright
I want to touch you every night before I go to sleep
And let you know that everything will be just fine

Whenever you're happy
It makes me happy
I want to be there for you
And do whatever makes you smile

We only get to see each other every now and then
And know I'm really grateful for that time
It's just notâ€¦.

It really ain't enough for me
It really ain't enough for me
I really need to have you here by my side

I want to see you when I get home from work
And let go of the worries and the problems of the day
I can listen sitting right outside of the shower curtain
We could both go in bed we can spend a lazy day

Whatever makes you happy
It makes me happy
I want to be there for you
And do whatever makes you smile
