[deuce]
chorus:

she just turned 18, she calls me baby
yeah shes been waiting all night to rape me
(2x)
(haha)
[deuce]here i come rubbin on your girls clit and under-bum
oops look what i found, a nice litte wonderbra
she must be young caue i can barely get under em
lips between the hips so i just keep on rubbin em
poke a hole in her but while im suckin them titties
yeah its fun, cause i can do all 3 at once
bust a nut let it drip drip from her tongue

its time to find me some more girlies in the club
i like em black i like em white i like em young
i like em tall i like em short if they got junk
shes got an ass that goes... like a dump truck
i know she wants to take me home
shes callin her friends like "oh i got deuce with me girl,
so bring a bottle of rum and some condoms
cause we go have a threesome"
