In My Trunk

Dev

It's in my trunk
It's in my trunk
I got that thump
It's in my trunk
It's in my trunk
I got that thump
It's in my trunk
It's in my trunk
I got that thump
It's in my trunk
Trunk trunk trunk trunk trunk
It's in my trunk
It's in my trunk
I got that thump
It's in my trunk
It's in my trunk
I got that thump
It's in my trunk
It's in my trunk
I got that thump
It's in my trunk
Trunk trunk trunk trunk trunk
It was a late night
No Scrabble
Game night
I'm a handfull ain't I
Ain't I ain't I
Let me show you
Backseat, front door you
Pop pop pop the trunk
Shut your mouth
and turn that up
We ride by like there's no one there
and they stop and stare (yeah they stop and stare)
We ride by like nobody knows
what's in my trunk (what's in my trunk)
It's in my trunk
It's in my trunk
I got that thump

It's in my trunk
It's in my trunk
I got that thump
It's in my trunk
It's in my trunk
I got that thump
It's in my trunk
Trunk trunk trunk trunk trunk
It's in my trunk
It's in my trunk
I got that thump
It's in my trunk
It's in my trunk
I got that thump

It's in my trunk
It's in my trunk
I got that thump
It's in my trunk
Trunk trunk trunk trunk trunk
Riding in a saucy whip
even if it costly
I'ma be flossy make believe shake glossy
watch out
I'm spending it
Got bitches on deck and they mexican
11th street Grantline
Don't stop till they hit the bay side
We ride by like there's no one
there and they stop and stare (yeah they stop and stare)
We ride by like nobody knows
What's in my trunk (what's in my trunk)
It's in my trunk
It's in my trunk
I got that thump
It's in my trunk
It's in my trunk
I got that thump
It's in my trunk
It's in my trunk
I got that thump
its in my trunk
trunk trunk trunk trunk trunk
Got the North, got the East,
got the West with me

So I suggest you
better not mess with me
Be cool you don't wanna
squat 'em we could be the fool
But you dont want no problems
I put that on somehting
put that on fathers
put that on something
I put that on mamas
put that on something
I put that on grancy
'cause you run up on me
get your man beat up
It's in my trunk
It's in my trunk
I got that thump
It's in my trunk
It's in my trunk
I got that thump
It's in my trunk
It's in my trunk
I got that thump
It's in my trunk
Trunk trunk trunk trunk trunk
It's in my trunk
