Lonely Night In Georgia

Marc Broussard

Stoplights turn into skylines and my mind turns to you
Two hundred miles behind, off to this roadside dive
Wondering how this cup of coffee's gonna see me through
But this has been our story
Same sad song
Ever since the day
The day you came along
It's a lonely night in Georgia
And everything I do reminds me of being with you
Yes, it's a lonely night but I'll be alright
Girl, I'm comin' on home, comin' on home to you
Comin' on home to you, yeah
Skylines turn into stoplights
Another town, another crowd
When all the peoples gone home
I'm left all alone with nothin' but you to think about, yeah
But this has been our story
I know you've heard it all before
'Cause every time I come home
You know I'm right back out that door
It's a lonely night in Georgia
And everything I do reminds me of being with you
It's a lonely night but I'll be alright
'Cause I'm comin' on home, comin' on home to you, oh baby
The warmth of your body though these tall olden pines
The sound of your heartbeat brings your skin to mine
Your peach kisses ripened by your southern sun smile
Now my senses are heightened with the last hundred miles
It's a lonely night in Georgia
And everything I do reminds me of being with you
Oo, it's a lonely night but I'll be alright
'Cause I'm comin' on home, comin' on home to you
Yeah yeah yeah yeah yeah yeah
It's a lonely night in Georgia, yes it is baby
And everything I do reminds me of being with you
It's a lonely night but I'll be alright
'Cause I'm comin' on home, comin' on home to you, baby
Long long long long long long long long, I've been gone so long
Long long, I've been gone so long

But don't you worry 'cause I'm coming on home
Coming on home, coming on home, coming on home
Coming on home, coming on home
Yeah
Yeah
Yeah
Darling, darling, darling
Darling, darling, darling
Darling you're not out of love
Darling, baby, darling, baby
Darling, darling, I'll be loving you
