

# Dance Yrself Clean

## MS MR

Walking up to me expecting  
Walking up to me expecting  
Words  
Happens all the timePresent company accepted  
Present company, expect the  
Worst  
Happens every nightPresent company  
Excluded every timePresent company  
The best that you could findTalking like a jerk  
Except you are an actual jerk, and living  
Proof  
That sometimes friends are meanPresent company accepted  
Present company, just laugh it  
Off  
It's better than it seemsPresent company  
Excluded in every wayPresent company  
Makes me wanna sayKilling it for close inspection  
Killing it can only make it  
Worse  
It sorta makes it breedPresent company accepted  
Present company, except the  
Worst  
Works just like you needPresent company  
Excluded in the nightPresent company  
Included in the fightPut your little hands up  
Put your little hands upDon't you want me to wake up?  
Then give me just a bit of your time  
Arguments are made from make-outs  
So give me just a bit of your timeWe've got to bring our results  
I wanna play it till the time comes  
But there's a string of divorces  
You go and put your little hands upSo go and dance yrself clean  
Go and dance yrself clean, yeah  
You're throwing marks into pieces  
Baby, they're obvious, the piecesSo go and dance yrself clean  
Go and dance yrself clean, yeah  
You're throwing marks into pieces  
Baby, they're arguments, the piecesSo go and dance yrself clean  
Go and dance yrself clean, yeah

You're throwing marks into pieces  
Baby, they're obvious, the pieces  
So go and dance yrself clean
