

Scar

Fefe Dobson

Blowing palm trees, perfect sunsets
Tricked my mind to get my feet wet
Tired of lies, pressure rising
You're all I have and now you're crying
Oh, I hit you way too low
I've gone too far
I'm just another scar
And when you told me
You don't love me anymore
You don't love me anymore
You punched me out, you took me down
I trash talk you, you trash talk me
Orchid flowers help me fake I'm happy
Empty bedroom, chest is burning
I've messed up and now I'm paying
Oh, I kicked you way too low
I've gone too far
I'm just another scar
And when you told me
You didn't want to see me again
You didn't want to never ever see me again
Your scream and shout turned me around
And now I feel the way you do
I'm just like you, I'm just like you
Now I will never be the same
No, I will never be the same
And when you told me
You don't love me anymore
You don't love me anymore
You punched me out, you took me down
