

Why Not Me

Ginuwine

Why not me, is that I'm too ghetto for you
Why not me, girl, theres nothing I won't cop for you
Why not me, Im here to give you all you dreams
Im dedicated, no time wasting, Ill fulfill your every needIt aint a thang, Im far from lame
Girl, its all to the good
Youre playing hard to get now
Thats probably why youre by yourself nowBut I caught your eye when you walked by
And you persist to try to entertain
All of them thing that you probably just heard
None of its true and that my wordBaby, dont believe a thing you hear
The haters are always on my back now
But you feel me and this I know
So wont you just let go, tell me whyWhy not me, is that I'm too ghetto for you
Why not me, girl, theres nothing I won't cop for you
Why not me, Im here to give you all you dreams
Im dedicated, no time wasting, Ill fulfill your every needId like-o think that I am a good guy so tell me why
Not me, cant blame you though if all youre
Ex-boyfriends did you shady
But dont take that out on me girlOops, I got to take it back its your world
Baby, Im just that guy Ill show you why
If you just give me one try
Im telling you I dont get down like thatCant play the role or play myself
I just got to get in thats for sure got a little money
I spit game to the honeys but your all a nigga needs
I wont give you chicken feedWhy not me, is that I'm too ghetto for you
Why not me, girl, theres nothing I won't cop for you
Why not me, Im here to give you all you dreams
Im dedicated, no time wasting, Ill fulfill your every needYou should tell me something, something
Cant imagine me just wanting
Put your cards out on the table
Baby, Im willing and ablePicture that me dippin' on you
What the use if Im up on ya
Im the one you searched so long for
Give me one chance youll want no moreWhy not me, is that I'm too ghetto for you
Why not me, girl, theres nothing I won't cop for you
Why not me, Im here to give you all you dreams
Im dedicated, no time wasting, Ill fulfill your every need
