

# My Before and After

## Cotton Mather

She picked me out of the millions  
Thumbing an OED  
Dressed me down to civilian  
Cracked the code on the Rosetta Stone  
Said the word for alone is "alone" My before and after her  
My before and after her  
My before and after her We found that R Mutt was truly  
Some work of genius  
She helped my best friends see through me Said the church of his holiness lied  
This world's no dead end it's park and ride My before and after her  
My before and after her  
My before and after her Now I'm dangerously reprogrammed man  
Like that guy in the Manchurian My before and after her  
My before and after her  
My before and after her
