

Tell All the World About You

Ray Charles

When I need company
I call on you to see about me
I wanna walk about it, talk about it
Tell all the world about you, tell the world about you When you're with me there's so much fun
You're all the good things all wrapped in one
I wanna walk about it, talk about it
Tell all the world about you, tell the world about you Woah, I wanna walk, walk about
I wanna talk, talk about
I wanna tell, wanna tell the world all about you Oh, I wanna live, just for you
I'm gonna give, love so true
We'll have a love, we'll have a love that's fine and new Oh, you're so fine and you're so sweet
You're better at love than a K.B.B
I wanna walk about it, talk about it
Tell all the world about you, tell the world about you Woah, I wanna walk, walk about
I wanna talk, talk about
I wanna tell, wanna tell the world all about you Oh, I gonna live, just for you
I'm gonna give, love so true
We'll have a love, we'll have a love that's fine and new Oh, you're so fine and you're so sweet
You're better at love than a K.B.B
I wanna walk about it, talk about it
Tell all the world about, tell all the world about, oh
Tell the world about you, tell the world about you
