

Stupid Game

Melanie C

I'm not gonna live a lie,
just for your entertainment
We started this stupid game,
but all the rules have changes again
If I was stranger,
would I be safer?
Who do you want me to be, to love, to hurt, to trust
I'm not gonna fall apart to get your attention
I know what I want, but it's not an addiction
woh oh oh oh, I've only got the truth
woh oh oh oh, Is that enough for you?
I see through your empty affection,
I know who I am, I can face my reflection,
Woh oh oh oh, I've only got the truth
Woh oh oh oh, woh oh oh
Under the microscope,
see all the imperfections
You wanna be so close, to all the dirt and grind but why?
If I were a danger,
would that amaze ya?
Cos I hear you want me to be, to love, to hurt, to trust
I'm not gonna fall apart to get your attention
I know who I am, but it's not an addiction
Woh oh oh oh, I've only got the truth
Woh oh oh oh, Is that enough for you?
I see through your empty affection,
I know who I am, I can face my reflection,
Woh oh oh oh, I've only got the truth
Woh oh oh oh,
woh oh oh x 3
We started a stupid game,
and maybe I take some blame,
but I can't it all
I'm not gonna fall apart to get your attention
I know what I want, know what I want
Woh oh oh oh, I've only got the truth
Woh oh oh oh, Is that enough for you?
I see through your empty affection,
I know who I am, I can face my reflection,

Woh oh oh oh, I've only got the truth
Woh oh oh oh, woh oh oh
woh oh oh, I've only got the truth
