

# Ever Since The World Began

## Survivor

I'll never know what brought me here  
As if somebody led my hand  
It seems I hardly had to steer  
My course was planned And destiny it guides us all  
And by its hand we rise and fall  
But only for a moment  
Time enough to catch our breath again And we're just another piece of the puzzle  
Just another part of the plan  
How one life touches the other  
It's so hard to understand  
Still we walk this road together  
We travel, go as far as we can  
And we have waited for this moment to die  
Ever since the world began Takin' in the times gone by  
We wonder how it all began  
We'll never know and still we try  
To understand And even though the seasons change  
The reasons shall remain the same  
It's love that keeps us holdin' on  
Till we can see the sun again And we're just another piece of the puzzle  
Just another part of the plan  
And we have waited for this moment to die  
Ever since the world began And I stand alone, a man of stone  
Against the driving rain  
And the night it's got your number  
And the wind it has your name  
And we settle dues  
Win or lose  
To whisper all the same  
The hope still burns eternal  
We're the keeper of the flame And we're just another piece of the puzzle  
Just another part of the plan  
How one life touches the other  
It's so hard to understand  
Still we walk this road together  
We travel, go as far as we can  
And we have waited for this moment to die  
Ever since the world began.
