The Course

Wildbirds & Peacedrums

Give me a sign
Give me your hand
Pull me aside
Shake me alight
Push me to reason
Make me uneven
To balance on off of
And in a different mood
I need a chair
To hold my course
To get a god
To give me the force
I gave a big piece
Of my black heart
I need it back now
To find a place
So give me your own
Give me it
The thing I need
To feel complete
There's nothing more
Than it was
I hear the echo
Of he lost
I feel the tear drop
Of the unable
There is too many
Pieces missing
So who am I?
Am I the kind
Who will surrender
And who will not try?
Who is not worthy
Of the prize?
What is to mankind not to be kind?
Now just give me your heart
Just give it
The thing I need
To be complete

So after the sunrise and the dark
Oh something better will come
So that after the sunset and the nightfall
Something better must come
I need a prayer
To hold my course
To get a god
To give me the force
I gave a big piece
Of my black heart
I need it back now
Find a new soul
Who am I?
Am I the kind
Who will surrender
And not try?
Who is not worthy of the prize?
What is the mankind to not be kind?
Oh just give me yours
And give me it
The thing I need
To be complete
So after the sunrise and the dark
Something better can come
So after the sunset and the nightfall
Something better must comeSo that after the sunrise and the dark
Something better will come
So that after the sunset and the nightfall
Something better must come
So that after the sunrise and the dark
Something better will come
So that after the sunset and the nightfall
Something better must come
