11th Song

Deep Blue Something

The final hour
She left me hanging
Said rest assure
Head wasn't banging
I left her there
Said go to hell
And thought it nothing
To kiss and tell
Put her down
And left her tongue-tied
I said your soul
Nearly just died
She pulled me up

Said go to hell
It should mean something
To kiss and tell
Another day
I left her crying
Said rest assure
I wasn't lying
I put her down
Said go to hell
It don't mean nothing
To kiss and tell
