

# Intermission

## Trey Songz

And what I wanna do  
If it's alright with y'all  
I wanna bring the lights all the way down  
I love you too, baby, whoever said that Yeah  
Yeah How y'all feelin' tonight? Make some noise please  
And what I wanna do right now  
Is I wanna illuminate the building  
Yeah  
Y'all already know what to do  
Shout to everybody with their lights up  
Yeah Look at that  
Everybody got their lights out, if you look around  
We're like stars in the sky, everybody's a star here  
Nobody can stop you from taking over the world  
If you wanna take over the world  
It's a reason we made y'all the last show  
'Cause we know y'all was gonna be poppin'! Make some noise! Yeah, that look so beautiful  
If you're havin' a good time tonight say, hell yeah!  
If you're havin' a good time tonight say, yeeah!  
Hold up, matter of fact  
Cut the music  
Shh We're gon' take a little intermission
