Blue Skied an' Clear

Slowdive

You say money
In our life
Wallet all full of fodder
Forsakes
Fallen order fallen minds
In our life
You say life and it sounds so good
You say love and it sounds so sweet
You say money
In our life
What it matters
In our life
Follow mice (blind mice)
All in order
Follow mice (blind mice)
All in order
You say life and it sounds so good
You say love and it sounds so sweet
You say life and it sounds so good
You say love and it sounds so sweet
