Brother Down (Radio Edit)

Sam Roberts

One life to live but we're doing it wrong
You see, got my brother down cause it's nothing to me
Everyone saying that it's wrong to cheat
But there's no other way to get my life on easy street
Someone else telling you what you're living for
Been knocking you down, now you're looking for more
The only sound you hear is a closing door
Been looking for peace but they're bringing you war
Rich man cryin' cause his money's time
And poor man's smilin' cause he knows he ain't blind
There's a man over there says he's tougher than me
But I got eyes that can see through fantasyI think my life is passing me by
I think my life is passing me byTake it all back 'cause it don't mean nothing
If you give it away and you're looking for something back
Wake up every morning when there's nothing there
No reason to die but no reason to care
Someone else telling you what you're living for
Been knocking you down now you're looking for more
The only sound you hear is a closing door
Been looking for peace but they're bringing you war
One life to live but we're doing it wrong
You see, got my brother down cause it's nothing to me
Rich man cryin' cause his money's time
And poor man's smilin' cause he knows he ain't blindI think my life is passing me by
I think my life is passing me by
