Deep Colors Bleed

Systematic

Regress, possession, no likeness
Impress, no virtue, in humblingIn room beyond the view
You choose to tremble in
Drawn and quartered institution
This place is setNo feeling stronger than numbing
Blankest expressions, your callingRepressed, adore you, they bought it
Suggest, it's no use, lay dormantIn room beyond the view
You choose to tremble in
Reinventing Christ who died
To make it make some senseNo feeling stronger than numbing
Blankest expressions, your callingCalling youNo feeling stronger than numbing
Blankest expressions, your callingCalling you
