

# Celebrity

## Barenaked Ladies

Don't call me a zero, I'm gonna be a hero  
Like Phil Esposito or the Kennedys  
I'll be incorporated and I'll be imitated  
And overrated, but that doesn't bother me All the jaws will drop  
And all the girls will scream  
And there will be commotion  
When I show up on the scene All that you will see, is a celebrity  
All that you will see, is a celebrity When I'm riding in my limo, I won't look out the window  
Might make me homesick for humanity  
There's nowhere that I can't go and there's nobody I don't know  
And there's an emptiness that's eating me All the clocks will stop  
And all the jeans will cream  
It has always been  
My one and only dream All that's left of me, is my celebrity  
All that's left of me, is my celebrity Leave your heart, lay down your art  
You're here for the party  
Smile and wave, try to behave  
Be happy that they've made you a celebrity I could disappear  
Into the great unknown  
And it would wear my face  
As if it were its own And all that you will see is a celebrity  
All that's left of me, is my celebrity  
I will get in first and I will get in free  
All that's left of me, is my celebrity
