

# Talk to Me Baby

[Nancy LaMott](#)

Talk to me, baby, tell me lies  
Tell me lies as sweet as apple pies.  
Whisper you tremble with a wild desire  
To light the fire in my eyes.

Tell me I'm beautiful;  
Exaggerate;  
Prevaricate  
If you must  
Just...

Talk to me, baby, soft and low  
Then if you decide it's really so  
Swear you'll be mine forever  
Otherwise  
Just talk to me and tell me lies.

Say that we're helpless  
In the hands of fate;  
Prevaricate  
If you must  
Just...

Talk to me, baby, soft and low  
Then if you decide it's really so  
Swear you'll be mine forever  
Otherwise  
Just talk to me and tell me lies, lies, lies, lies  
Talk to me, baby, tell me lies.
