

# You Ain't Heard Nuttin Yet

## Heavy D

Tic-tac, toe'n, three in a row and privilege  
Sit back, relax, listen to a pro and  
As I start goin, blowin, flowin, and showin  
MCs' that I am the capital H-E-A-V-Y-D-sin  
This is my yard, better get my ?preason?  
No discontent cause I'm all about pleasin  
Ladies come to me because, they love squeezin  
If you don't see me, I'm probably skeezin!  
Eaaaaaaa-zy desert on the smooth tip  
As I get loose, kinda like I say rip this  
Format of my rap, listen to direction  
Six foot three, wit a manila, complexion  
Dance shake, rock, roll  
Heav is in the house I got total, control  
I'mma inject, respect, collect a fat check  
Heav is in effect - but you ain't heard nuttin yet!

How could I explain to ya the Heavmania  
Tryna figure eight or make it simple and plain to ya  
Hmm, I'm the Heavster, a rap register  
That flows with cash so fast you can't measure the  
Intent of content that I rep-re-sent  
The format of my rap from past to present tense  
Girls they adore me, they scream for me  
Fellas get jealous cause the ladies won't ignore me  
Ov-er-weight Lo-ver MC  
H-E-A-V-Y-D, rap champion  
Ask Nick and Damian  
Joe Black, Pete Rock, Billy Bob and they'll explain to ya  
Who is the greatest, the biggest, the baddest! (baddest!)  
They won't front, they know the Heavy D. status  
My favorite, old time group came Gladys  
Knight & The Pips and, love "Flip" Wilson  
The Great Houdini was my, favorite magician  
Sit back relax, 'cause Heav is on a mission  
I'mma inject, de-tect, dialect, dissect, direct  
Heav is in effect - but you ain't heard nuttin yet!

Aiyyo back up, don't even press up, it's time to set up

The staaage, and I won't let up, 'til y'all get up  
Or respect whet we inject, so come correct  
Heavy D.'s in ef-fect (fect) but you ain't heard nuttin' yet!  
Wreaka, no half-stepper, rhyme veteran  
Ripper, Moet sipper, 'cause I'm better in  
This hand, even that and, a matter of fact  
You wanna know the place to be, the place to be is where Heavy's at  
I soar without a fall, 'cause I'm courageously standing  
I'm in demand, and on the stage I be better  
With Eddie F., he's right back at me  
The Boyz are to the left and the right, you know we gotta be  
Cor-rect as we expect, you too accept our subject  
That we direct, to all turtleneck rappers who seem upset  
Heavy D.'s in ef-FECT (FECT) - but you ain't heard nuttin' yet!
