

Spaceship (Lennon, Timo Ellis)

[Sean Lennon](#)

I step into my spaceship
I'm on my way home
I hope that I will make it
But there's no way of knowing
The world is far behind me
I look into the sun I know it's all because of you
Help me find the way to get home And now my eyes have opened
I watch the stars glow
The sky is like an ocean
I'm floating alone
I know that I will make it
I look into your eyes I know it's all because of you
Help me find the way to get you home
