

Stand a Little Rain

Nitty Gritty Dirt Band

Dark cloud is coming
Headed straight for your heart
Might get just a little bit crazy, baby
Might try to tear us apart When the storm blows over
Only the strong love remains
If we're ever gonna see a rainbow
We have to stand a little rain Everybody wants love to be easy
But it's never been that way
Each love starts out with blue skies
Sometimes those blue skies turn gray When the storm blows over
Only the true love remains
If we're ever gonna see a rainbow
We have to stand a little rain The thunder rolls
And the lightning strikes
Hold on, darling
It's gonna be alright 'Cause when the storm blows over
I swear my love will remain
If we're ever gonna see a rainbow
We have to stand a little rain If we're ever gonna see a rainbow
We have to stand a little rain
