Just Like That

Marc Broussard

I try to say the words but they don't come out right
It'd be much easier if you would just stay the night
That look in your eye's got me thinking something's wrong
Just like that, you're gone
How could I bee so blind, how could I be such a fool?
?Cause in this game of love there ain't no damn rules
That look in your eye's got me thinking something?s wrong
Just like that, you're gone
I treated you so good, I gave you everything that I had
Now give me one good reason why I deserve to be treated this bad
That look in you eye's got me thinking something?s wrong
Just like that, you're gone
If lovin' is the game, you can, you can count me out
I'm tired of being a fool, I know what you're, you're all about
There's not surprise that the look in your eye's telling me
It might be time to move on
And just like that
And just like that
And just like that I'm gone
