## **Hurt So Good**

## **Carly Rae Jepsen**

When you smile like a tease

Baby you dont even know (You dont even know) When my heart skips a beat Da rlin every time you go (Every time you go) But when you walk into the room I cant speak and I cant move You dont see me but you should Why you gotta make it hurt so good I dont ever wanna let you go We could take it fast or make it slow Im the friend that you misunderstood Everyday is just a wish I could Why you gotta make it hurt so good (so good) Why you gotta make it hurt so good All the girls on the block They come knocking at your door (Knocking at your door) You just stare out the window What you waiting for (What you waiting for) But is it too late or too soon Im right outside here wanting you You dont see me but you should Why you gotta make it hurt so good I dont ever wanna let you go We could take it fast or make it slow Im the friend that you misunderstood Everyday its just a wish I could Why you gotta make it hurt so good Imagine you imagine me Together so happily Imagine me imagine you Inside a dream I built for two When you walk into the room I cant speak and I cant move You dont see me but you should

Why you gotta make it HURT SO GOOD

I dont ever wanna let you go

We could take it fast or make it slow
Im the friend that you misunderstood

Everyday its just a wish I could

Why you gotta make it hurt so good

Why you gotta make it hurt so good
