

Light It Up (feat. Heather Bright)

Flinch

I'm never coming down off you no
I'm never coming down off you no
I'm never coming down off you no
I'm never coming down off you noGo ahead, go ahead
Tell me that I love too hard, I take it too far
Go ahead, go ahead
And tell me that I lost my brain, its all down the drain
I'm too far gone
To Turn back now
The parachutes locked
The brakes went out
Why don't you try it
I know you baby I swear you'll like it
YeahLight it up, light it up, light it up
I'm ready to go, ready to go
Overdosin' on you babe
High off your love
Light it up, light it up, light it up
I'm ready to go, ready to go
Overdosin' on you babe
High off your loveLight it up, light it up, light it up, light it up, light it up, light it up, light it up
I'm ready to go oh oh oh oh oh oh oh oh oh oh oh oh oh oh oh oh oh
Light it up
Ready ready, oooh ohGo ahead, go ahead
Tell me that I loved too hard, I take it too far
Go ahead, go ahead
Tell me that I lost my brain, its all down the drain
I'm too far gone
To Turn back now
The Parachutes locked
The brakes went out
Why don't you try it
I know you baby I swear you'll like it
YeahLight it up, light it up, light it up
I'm ready to go
Overdosin' on you babe
High off your love
Light it up, light it up, light it up
I'm ready to go

Overdosin' on you babe
High off your loveLight it up, light it up, light it up, light it up, light it up
I'm ready to go
Light it up
Go ahead, Go ahead
Tell me that I loved too hard, I take it too far
Go ahead, Go ahead
Tell me that I lost my brain, its all down the drain
I'm Too far gone
To Turn back now
The Parachutes locked
The brakes went out
Why don't you try it
I know you baby I swear you'll like it
Yeah
Light it up, light it up, light it up
I'm ready to go
Overdosin' on you babe
High off your love
I never coming down of you no
