

Over & Over (Live At St. Louis, 11/5/79)

Fleetwood Mac

Could you ever need me
And would you know how, yeah
Don't waste our time
Tell me now All you have to do
Is speak out my name, yeah
And I would come running
Anyway And I said
Could it be me?
Could it really, really be?
Over and over
Could it really, really be?
Over and over And I said
Could it be me?
Could it really, really be?
Over and over
Could it really, really be? Don't turn me away
And don't let me down
What can I do
To keep you around Over and over
Over and over
Over and over Over and over
Over and over
Over and over Over and over
Over and over
Over and over Over and over
Over and over
Over and over
