

A Spell A Rebel Yell

Coldplay

As far as I can see
All time and circuitry
Is wrong
As far as poetry
Sit down and sing to me
A song
It's 'cause all I want in this world
All I want in this world
Is for you to come home
A spell, a rebel yell
A spell
Soldier, come home to me
You've been away from me

So long
All I want in this world
All I want and deserve
Is for you to come home
A spell, a rebel yell
A spell, a rebel yell
A spell, a rebel yell
A spell, a rebel yell
A spell, a rebel yell
A spell, a rebel yell
A spell, a rebel yell
A spell, a rebel yell
