

Will You Love Me?

Nelson

I always will remember those sultry desert nights
Our hearts burning with a passion whoa, it's never felt so right
It was meant to last forever but when I reached out you were gone
It's taken time to mend this broken heart and forget you done me wrongNow you're back after all this time
You've reawakened all the feelings that I've tried so hard to hide
But babyWill you love me, like you loved me yesterday?
That's all I need to know
Will you love me, like you loved me yesterday?
Or will you just let me go?We could leave the pain behind us take a shot at love again
We could fool ourselves believing that our love would never end
I've been missing you whoa, what should I do?
Did you really have a change of heart or are you playing me for a fool?You don't have to tell me where you've been
But there is one thing I've gotta know before I let you in, babyWill you love me, like you loved me yesterday?
That's all I need to know
Will you love me, like you loved me yesterday?
Or will you just let me go?Come and touch me, like you touched me yesterday
But if you want me girl you gotta let it show
Will you love me, like you loved me yesterday?
Or will you just let me go?Will you love me, like you loved me yesterday?
That's all I need to know
Will you love me, like you loved me yesterday?
Or will you just let me go?Will you love me, like you loved me yesterday?
Will you love me, like you loved me yesterday?
Will you love me, like you loved me yesterday?
