

December

Teenage Fanclub

I'll take this chance to tell my friends
What I'm thinking of
On second thought I'll think some more
And tell you later on She don't even care
But I would die for her love My mind is full of several things
Resembling a thought
I'll take this chance to tell my friends
What I'm thinking of She don't even care
But I would die for her love
