

# In The New Year

## The Walkmen

Oh, I'm still living  
At the old address  
And I'm waiting on the weather  
That I know will passI know that it's true  
It's gonna be a good year  
Out of the darkness  
And into the fire  
I tell you I love you  
And my heart's in the strangest place  
That's how it started  
And that's how it endsWell I know you're with me  
It's a point of pride  
And it's louder than lightning  
In this room of mineOh, I'm just like you  
I never hear the bad news  
And I never will  
We won by a landslide  
Our troubles are over  
My sisters are married to all of my friends  
Yeah, that's how it startedYou took your sweet time  
And I waited by without complaint  
Til all the pipe dreams made me insaneSo it's all over  
It's all over anyhow  
You took your sweet time  
Finally, I opened my eyesMy friends and my family  
They all ask me one thing  
"How long will you ramble"  
How long will you stay with me  
The snow is still falling  
I'm almost home  
I'll see you in the new year
