

# Iron Hands

## Ashley Chambliss

Angel blue in the sky...oh

Let her be.

Standing on her own.

Staring at the sea

The sea of emotion

Like an undertow

You wont feel it coming

And you?ll never see it go

Carry on, iron hands keep on turning.

Carry on, time is slipping away

Carry on, iron hands keep on turning.

Time away?

Keep turning time away?

You can feel it in the water.

Watching the waves alone.

And she sees her ship is coming in

And it?s on its? way home.

And you try so hard to reach it.

As the wind fills the sails.

And your eyes take in what they can get.

Before the vision disappears.

Carry on, Iron hands keep on turning.

Carry on, Time is slipping away.

Carry on, Iron hands keep on turning?

Time away?

Keep turning time away?.

She?s a dreamer and she?s always waited for her fate

To come in like a blue moon and save her.

She?s a dreamer and she?s always waited for her fate

To come in like a blue moon and save her.

Carry on yeah, Iron hands keep on turning.

Carry on, Time is slipping away.

Carry on, Iron hands keep on turning.

Time away?

Keep turning time away?

Carry on yeah?.Time is slipping away?  
Carry on yeah?.Iron hands keep on turning?  
Time away?.

Carry on yeah, Carry on yeah  
Time is turning.  
Iron hands keep on turning.  
Carry on yeah?
