

Medicine

Dewolff

Had a feel of pain,
When i found my body,
Lying all alone,
In this cold bay here.Just wandered,
What could have made me so pale,
It must have been these chemicals,
I must have lost my head,
Ohhhhhhohhhhhh,
I must have lost my head,
Ohhhhhhohhhhhh,
I must have lost my head.Oh medicine,
Oh medicine,
Won't you take me,
Carry my body a thousand miles away?
Oh medicine,
Oh medicine,
Won't you hold me,
Under your thumb, and in your sway?I've been drinking my heart out,
I've been smoking my lungs out,
Gettin' seen,
Get you near.Livin' on the guts, promised said you never,
Said you'd never walk,
Too far from hereOh medicine,
Oh medicine,
Won't you take me,
Carry my body a thousand miles away?
Oh medicine,
Oh medicine,
Won't you hold me,
Under your thumb, and in your sway?[solo]Oh medicine,
Oh medicine,
Won't you take me,
Carry my body a thousand miles away?Oh medicine,
Oh medicine,
Won't you hold me,
Under your thumb, and in your sway?
