

# Advice Taken?

## In My Eyes

My accomplishments  
What's it to you  
I try my best at what I do  
Live this day to have some fun  
Won't change my goals  
So I guess you've won  
Your advice a waste of time  
Knowing what i've earned is mine  
My way of life you think is funny  
Because I have more friends than money
