Say Please

Tonight Alive

Iâ€™m not talking to you
I wonâ€™t give you anything
I gave you everything already, did ya see?
I donâ€™t owe it to you
'Cause Iâ€™m just the same again
But with better manners and the right to be
Alone, alone
I just wanna be alone

If youâ€™re gonna ask me for my time at least say please
'Cause Iâ€™m not how I used to be and these things get to me
If you wanna break me Iâ€™m already on my knees
I didnâ€™t give my love for you to walk all over me
To walk all over me

Iâ€™m just trying to be
A little honest here
'Cause the other half of the time I just meant
Itâ€™s not like me to be the one
To bite my tongue for a while
And I smile cause Iâ€™ve got better manners and the right to be
Alone, alone
I just wanna be alone

If youâ€™re gonna ask me for my time at least say please
'Cause Iâ€™m not how I used to be and these things get to me
If you wanna break me Iâ€™m already on my knees
I didnâ€™t give my love for you to walk all over me
To walk all over me

If youâ€™re gonna ask me for my time at least say please
And if you wanna break me Iâ€™m already on my knees
Iâ€™m on my knees
