# All The Time In The World

## Beth Nielsen Chapman

Away beyond the blue
One star belongs to you
And every breath I take
I'm closer to that placeYeah, baby
I'm gonna meet you there
On the outskirts of the sky
Yeah, baby
I'm gonna meet you there
And we will flyAway beyond the blue
One star belongs to you
This life is but a dream
Go gently down the streamIs nind se, prabhu, kya mujheuthaoge?
Is swapan se, prabhu, kya mujhe jagoge?
Tum hi mai dubu, turn hi mai uthu
Tere sagar me, tum hi me
Tere sagar me, tum hi me
