

It's Up 2 U

Verse 1

Let's join together and make a stand
Let's make a change throughout our land
Renew our bodies, spirits, minds and hearts
It's up 2 U to make a start

Chorus

Come on everybody
Put your hands up in the air
Just move to the rhythm
Join in people everywhere

Verse 2

There is an answer for these troubled times
Together we can make it right
Renew your body, spirit, mind and heart
It's up to you to make a start
