

# Big Thursday

## My Superhero

i don't know why you forgot to try  
i don't know why walk around  
and close your eyes  
how could you even say you had it  
how could you even say you want it  
how could you even say have it  
if all you're gonna do is drop it  
i don't know why  
it's not just because your blind  
it's just that you had to lie
