

# Soul Music

[Lisa McClendon](#)

Lyrical shape me  
Melody embrace me  
Soul music  
Give me my Father's direction  
Heavenly affection  
Soul music  
Music for my soul My heart makes a beat  
Then my soul sings along  
A song that encourages me  
Still tells me when I'm wrong  
It exposes where I am  
But it shows me how to grow  
Helps me see the love that my Father shows  
Teach me, reach me  
Music for my soul [Chorus] My soul longs to hear  
Your word through a melody  
So that my mouth can sing the words that will make me free  
Now my life can only reflect  
What my heart has received  
Causing my once blinded eyes to see  
Direct me, correct me  
Music for my soul [Chorus] Sing a new song to my soul  
Sing all night long  
Dance to a new song to my soul  
Dance all night long
