

# Smoke The Sky

## Motley Crue

Smoke my hoochie  
You say that Im the devil  
Reali-THC  
Marco Polo hailed it Heaven  
Socrates inhaled it too  
Mr. President tell the truth Youre the great exaggerators  
Since 1932  
Telling evils of the reefer  
But all through time weve  
Smoked the sky, smoke the sky Home grown version  
Compliments the senses  
Opens up the mind  
J.F.K. sold us freedom  
Or was it just a business toke  
63 went up in smoke He was the great seducer  
Crawlin' from our TVs  
Breathed into our future  
And before he died he  
Smoked the sky, smoke the sky When its time, well smoke the sky B.C. hailed in Heaven  
I inhaled it too  
Reali-THC when its time well  
Smoke the sky, smoke the sky  
When its time well smoke the sky When its time well smoke the  
When its time well toke the  
When its time well smoke the sky
