

Friends

Band Of Skulls

All my life I've been searching for something
 Something I can put my finger on
 Baby, I've been living for the weekend
 Baby, I've been living for this cyber soul
 Every Friday just about midnight
 All my problems seem to disappear
 Everyone that I miss when I'm distant
 Everybody's here
 I need love 'cause only love is true
 I need every waking hour with you
 And my friends 'cause they're so beautiful
 Yeah, my friends they are so beautiful
 They're my friends
 All my life I've been wasting, wasting
 Wasting all my money, all my time
 All the time that I'm waiting, waiting
 Waiting for the moment you are mine
 The song about yeah, I'm thinking, thinking
 Thinking all the things that I've done wrong
 All the time yeah, I was forgetting

[illegible]
