

Crimson Deep

Tarja Turunen

Sometimes I see the pulse
Numb I feel, so unreal
Blood on my lips
I taste the heavy lead
What can I find
Behind the mirror
I'll never know
Who's the reflection within?
Should I frame for you
The other world? Another world?
I've heard the voices of Elysium
The scent of a sudden wish
Never there, everywhere
Read me the space in between
Come to me, I cried, I need you
I am seeking the gates unfold
Inside my lost soul in the dark
Far beneath my breath
I'm burning at my core
Show me how, let me see beyond
I will find my crimson deep
Sharp is the edge
Of all discovery, now I see
A scar without suffering, impossible
I'll wait until my last day
With no shame, who's to blame?
Shaping the signs left for me
Come to me, I cried, I need you
I am seeking the gates unfold inside
My lost soul in the dark
Far beneath my breath
I'm burning at my core
Show me how, let me see beyond
I will find my crimson deep
Come to me, I cried, I need you
I am seeking, the gates unfold inside
My lost soul in the dark
Come to me, I cried, I need you
I am seeking, the gates unfold inside

My lost soul in the dark
